

Harsh Gupta

Full Stack Developer

+91 9555121352 | harshgupta0907@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#) | [LeetCode](#)

Education

JSS Academy of Technical Education

B.Tech. in Information Technology, GPA: 7.14

Noida, India

2022 – 2026

Skills

Programming: Java, JavaScript, TypeScript

Backend: Node.js, Express.js, WebSockets

Frontend: React.js, Next.js, TailwindCSS

Databases: PostgreSQL, MongoDB, Redis

Cloud & DevOps: AWS (EC2, IAM, S3), CI/CD

Tools & Platforms: Git, GitHub, Linux

Core Concepts: OOPS, DBMS, CN

Experience

• Full Stack Developer Intern | [DevRail](#)

Feb 2026 – Apr 2026

Remote | Ahmedabad, Gujarat

- Built full-stack features using Next.js + TypeScript, improving development velocity by 30%.
- Designed optimized REST APIs and PostgreSQL queries, reducing response time by 35%.
- Leveraged Claude and Lovable for rapid prototyping and workflow automation, accelerating development cycles.
- Integrated responsive UI components and improved overall user experience across web applications.

Projects

• Tenantly | [GitHub](#)

May 2026 – June 2026

React.js, TypeScript, Node.js, Express.js, MongoDB, Mongoose, TailwindCSS, JWT, Multer

- Built a full-stack society rental management platform with role-based dashboards for Admin, Landlord, and Tenant.
- Implemented multi-stage verification workflows for identity and property ownership with document upload and admin approval.
- Designed a lease lifecycle system with pending/active/rejected states, payment tracking, and landlord-side approval controls.

• Web-Track | [GitHub](#) | [Live](#)

Feb 2026 – March 2026

Next.js, TypeScript, PostgreSQL (Neon), Drizzle ORM, Clerk, Recharts, Tailwind CSS, shadcn/ui, AWS EC2, Nginx

- Built a full-stack analytics platform (similar to Google Analytics) to track and analyze website visitors in real time.
- Designed backend APIs for event tracking and live user monitoring using PostgreSQL and Drizzle ORM.

Achievements

- Solved 460+ DSA problems | [Codolio](#)
- Team Lead, **Smart India Hackathon (SIH) 2025** (Qualified for Zonal Round)
- Participant, **EY Techathon 5.0** (Executive Summary Round)
- Certified in **HCL BigFix Foundation (BESFND101)**
- Participant, **Build with India Hackathon (Team DevX)**
